Searching for a tape or record? Let us help!

Record-Rama's® WORLDSEARCH Service will help you find your record or tape by entering it into our computerized **want listing** program. We list each recording your're looking for, for one year or until it is located, whichever comes first. Updated daily and distributed worldwide, our lists are the "hottest" in the country.

When we find your listing, you are notified immediately by mail. You then have 30 days to send for it. You are **NEVER** obligated to make any purchases.

If we do not hear from you in one month, we will assume that you are no longer looking for the selection. That's all...easy isn't it?
